Mr. Brian J. Wagner

Dear Brian:

This is in further reference to our November 6, 2017, notice concerning the Expected Delivery (ExD) pilot test.

Effective April 6, the ExD feature was expanded to an additional 1,384 ZIP Codes.

Beginning April 30, ExD is tentatively scheduled for incremental expansion to all sites that achieve an accuracy rate of at least 90%.

We have enclosed a list of the ExD pilot test sites which includes the April 6 expansion.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

Alan S. Moore
