Dear Ivan:

Consistent with the Postmaster General's 10-year plan, *Delivering for America*, the Postal Service intends to create Sorting and Delivery Centers (S&DCs). Initially, S&DCs will include both processing and delivery operations but may expand to include other operations in the future.

The purpose of creating S&DCs is to reduce transportation and mail handling costs, as well as provide postal customers with additional services. S&DCs will allow for easier standardization and management of operations while improving building and operating conditions for employees. This notice follows management's July P&DC briefing on the Postmaster General's Modernization Plan. The Plan will ultimately include S&DCs, RP&DCs and LDCs.

This notice is to provide you with additional information and confirm the Postal Service has identified the following 10 initial sites for the initial conversion into S&DCs:

- Mid Hudson Processing and Distribution Center (P&DC)
- Utica Processing and Distribution Facility (P&DF)
- Southeastern P&DC
- Kalamazoo P&DC
- Gainesville P&DF
- Athens P&DC
- Columbus Main Office
- Northpark Station (Topeka)
- Newcastle P&DF
- Bryan P&DC

Additional information will be shared with you in the coming weeks. Any movement of employees and related regional and/or local notifications will be done in accordance with the respective collective bargaining agreements.

If you have any questions on this matter, please contact Bruce Nicholson at extension 7773.

Sincerely,

for James Lloyd
