Board Memo 038-2022: Responses to Your Travel Card Questions for EAS

Executive Board,

NAPS Headquarters recently received concerns from EAS that have been requested to apply for a government credit card that is to be utilized when making travel reservations.

NAPS Headquarters received responses to the concerns from Postal Headquarters.

Responses to the concerns are as follows:

Does the travel card hurt your credit? *The account will be reported to the three major credit bureaus after 121 days past due if the delinquent balance is not paid in full.*

I'm purchasing a home and I'm not supposed to open any new credit cards. How will this affect it? *The Postal Service does not participate in credit worthiness, anyone that applies for a travel card will be approved.*

Please share this information with your membership.

Thank you and be safe.
