The USPS intends to allow the field to post the following positions on August 31 with a 7-day posting period, through September 6. These postings are open to all career EAS (Field, District, USPS HQ RIF and non-RIF Impacted).

Additionally, USPS is affording Operations the ability to post all EAS vacancies in several locations with a significant number of vacancies and with immediate needs such as Chicago, Baltimore, New York City. The Postal Service will reevaluate the remaining number of RIF impacted employees next week and determine when to post additional positions.
