Unions and Management Associations

Dear XXXX:

This is in further reference to the Postal Service's July 29, 2022 correspondence (enclosed) concerning establishment of Sorting and Delivery Centers (S&DCs). The purpose of establishing S&DCs is to reduce transportation and mail handling costs as well as provide postal customers with additional services. S&DCs will allow for easier standardization and management of operations will have improved building and operating conditions for employees.

The Postal Service is leasing a new facility, beginning in January 2024 with the intent of establishing a S&DC in Pompano Beach, Florida. The facility is located at 3150 NW 33rd Street, Pompano Beach, Florida 33064. Once occupied, the Postal Service intends to move all delivery routes from the five facilities within the Pompano Beach installation (below) to the S&DC. The facilities and the retail operations will remain and will be consistent with other spoke facilities.

The movement of operations will not occur prior to January 2024. The Pompano Beach – Tropical Reef Station will be the first facility scheduled for its operations to move to the Pompano Beach S&DC. We will provide a schedule for each planned move once it's known.
