Dear Ivan:

This is in further reference to the Postal Service's correspondence regarding the Postal Service's partnership with the Department of Labor (DOL) to provide In-Person Proofing (IPP) to customers. The most recent correspondence was dated June 9. The Postal Service plans to expand the locations where the DOL IPP service is offered.

DOL IPP services is an additional means of conducting the identity verification some states perform in administering Unemployment Insurance (UI) benefits. This walk-in service allows customers who are unable to verify their identity online to visit the identified sites and use the DOL IPP. This partnership provides an efficient, economical and secure structure to support DOL's needs.

As previously explained, retail employees use the Retail Systems Software (RSS) terminal to enter and verify the customer's information. The customer provides an acceptable form of primary identification and may be required to provide an acceptable secondary form, if needed.

The DOL IPP is being expanded to RSS locations in 15 states, beginning August 18. Retail employees will be trained prior to the launch date.

Enclosed on compact disc (CD) are the following documents:

- DOL IPP Pilot Launch Service Talk
- List of expansion sites by Area, District and Facility Name, Address, State and Zip Code

Please contact Dion Mealy at 202-507-0193 if you have any questions concerning this matter.

Sincerely,

## Department of Labor (DOL) In-Person Proofing (IPP) Pilot Launch Expansion

The USPS launched a pilot in collaboration with Department of Labor (DOL) providing In-Person Proofing (IPP) services for customers in three (3) states Arkansas, Oklahoma, and Oregon on July 6, 2023, to RSS locations. **Starting August 18, 2023**, the pilot will expand to RSS locations in 15 additional states, (listed below). DOL IPP serves as an additional means of conducting the identity verification states perform in administering Unemployment Insurance (UI) benefits. This new service will allow customers to visit pilot locations who are seeking to use DOL IPP and are unable to verify their identity online.

DOL customers may receive In-Person Proofing at all RSS Retail locations in any of the 15 pilot states, **with no appointment needed or transaction payment**. Customers are expected to provide one (1) original and non-expired acceptable form of Primary Identification (ID):

- State Driver's License
- State Non-Driver's Identification Card
- Uniformed Services Identification Card (requires secondary form of ID)
- US Passport (requires secondary form of ID)

**Note:** Address on customers photo ID **must match the address provided to DOL**, and photo ID must be **current**. Customers must have an unexpired photo ID to perform identity verification.

If the address on photo ID does not match, or are using an approved ID without an address, customer must have a secondary ID containing the address provided to DOL **in addition** to the photo ID.

- Lease, Mortgage, or Deed of Trust
- Voter Registration
- Vehicle Registration Card
- Home or Vehicle Insurance Policy

**Equipment:** DOL IPP transactions will be processed on the RSS Terminal

**Scheduling:** All participants will be seen on a walk-in basis only

**Personnel Resources:** All window-qualified Retail Associates are to be trained on the DOL IPP process

**Training:** Train the Trainer sessions will be conducted with Retail Support Specialists and Site Coordinators, who are responsible for training Retail Associates at the pilot sites

**Revenue:** Retail Associates will not collect payment from customers as DOL is providing a direct payment to the USPS
