Dear Ivan:

As a matter of general interest, the Postal Service is re-administering the Postal Pulse survey for Fiscal Year 2023. During the FY2023 administration of the Postal Pulse Survey, an error was discovered with the paper version of the survey. As a result, Postal facilities were advised to destroy all of the paper surveys. Additionally, the vendor was instructed to delete and disregard all results received from the paper surveys. The vendor has since reprinted and redistributed the paper surveys, in a second administration.

This second administration of the surveys will be administered June 28 - July 27, 2023, with results available no later than September 5, 2023. Communications to the organization on the second administration of the Postal Pulse Survey will leverage multiple channels in order to maximize reach to the organization.

Please contact me at extension 7773.

Sincerely,

for
