Dear Ivan:

As a matter of general interest, the Postal Service plans to test the Canoo model Lifestyle Delivery Vehicle (LDV) 190. The Canoo LDV 190 is a battery-electric Commercial Off the Shelf (COTS) vehicle with almost 172 cubic feet of cargo space behind the bulkhead. The purpose of this test is to determine how the vehicle performs on carrier routes currently used by LLV/FFV/Metris vehicles.

The test will be conducted April 3 through October 2 at the South Atlanta S&DC located at 1800 James Jackson PKWY NW, Atlanta, GA 30369. During the test, the Canoo will be operated by employees who normally operate the LLV/FFV/Metris vehicles. Driver training for the Canoo battery-electric vehicle is scheduled to begin April 1.

Enclosed are photos of the Canoo LDV 190 vehicle.

Please contact Tomica Duplessis at extension 3073 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink that reads "Lily B. Nicholson".
