Board Memo 035-2022: Locations where Plan B will be implemented during the Peak Season

Executive Board,

Please see the attached notice from USPS HQ on Plan B. NAPS HQ has requested the reinstatement of parcel routes to alleviate the operational stress that parcels are putting on operations around the country for many years. It is good to see that the USPS is instituting is Plan B during peak and hope that the USPS will realize the benefits of parcel routes beyond peak season.

Please share this information with your membership.

Thank you and be safe.

Mr. Ivan D. Butts
President
National Association of Postal
Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Dear Ivan:

As a matter of general interest, the Postal Service will again be implementing the process entitled Plan B during this year's Peak Season in several offices utilizing Package Delivery Centers. This process is designed to provide additional support and resources for Peak operations to identified opportunity offices.

The Plan B process for delivery operations will leverage the Package Delivery Centers for parcel post routes in the 55 offices listed in the enclosure. The process will establish local dynamic routes to deliver parcels, have carriers in adjacent stations deliver just letters, flats, and small parcels, with parcels being sent directly to the Package Delivery Centers.

The Plan B action plan for clerical operations will consist of the following: Sunday, Early AM, and Late PM parcel pickup, Adjustment of retail hours to capture customer demand, Lobby Assistance Play - Dutch Door - Dedicated Lines - Drive Thru Parcel Drop-off service.

The process is scheduled to begin in December and will continue through January 31, 2023.

Enclosed is a list of offices where Plan B will be implemented.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink that reads "James Lloyd".
