RECEIVED
MAR 25 2024

Dear Ivan:

As a matter of general interest, with the reduction of Districts from 67 to 50, the alignment of Field Maintenance Operations (FMO) to mail processing facilities was no longer valid in the electronic Maintenance Activity Reporting and Scheduling (eMARS).

HQ Maintenance plans to administratively realign the FMOs in each of the 50 Districts to 50 mail processing facilities. Enclosed is a compact disc (CD) with a spreadsheet that identifies the revised alignment.

In those mail processing facilities where Maintenance Support Clerks (MSC) will be responsible for entering work data for their assigned FMOs, these sites will get credit for the FMO bargaining unit staff which will be included in the MSC complement calculation.

Other sites that previously had credits for FMOs will be rolled up into the 50 mail processing facilities selected and these sites will have the FMO staffing sheet in the electronic Workhour Estimator Program (eWHEP) disabled. Only the 50 mail processing facilities selected will have the FMO staffing sheet enabled.

This is an administrative change only and will not impact bargaining unit employees bid clusters.

Please contact Tom Elias at 301-300-5022 if there are any questions regarding this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shannon R. Richardson".

Shannon R. Richardson
Director
Contract Administration (APWU)

Enclosure
