Legislatively, NAPS continues to see tremendous support for our grassroots efforts started in support of the sustainability of America's Postal Service during the COVID-19 pandemic. On May 26, 2020, Rep. Maloney, Carolyn B. [D-NY-12] Introduced H.R.7015 - To provide financial stability to the United States Postal Service during the coronavirus pandemic, and for other purposes. This bill has been introduced with bi-partisan support from Rep. King, Peter T. [R-NY-2] and Rep. Connolly, Gerald E. [D-VA-11].

This legislation put a more direct focus on the sustainability of America's Postal Service and addresses some of the concerns that have been voiced on the recently House passed H.R.6800 - *HEROES Act*. NAPS is extremely grateful for the leadership and support of Chairman Maloney in moving this legislation forward. NAPS has also been in contact with Sen. Collins, Susan [R-ME], discussing increasing support from Senate leadership for the sustainability of Postal Service operations due to the effects of the COVID-19 pandemic.

We continue to see strong support for NAPS' Vote-by-Mail [VBM] grassroots initiative being increasingly reinforced by bi-partisan data from around the country on the efficiency, effectiveness, and security of VBM.

Thanks to all who have joined, in support of NAPS' efforts. Remember, it is never too late to join in the NAPS' grassroots efforts. Please contact your NAPS State Legislative Chair, NAPS Regional VP, NAPS Area Vice President or NAPS HQ for support in getting involved.

Even during this pandemic, members are encouraged to reach out to their respective regional or area vice presidents for support, information and inquiries, not just related to the pandemic, but issues involving the USPS or your respective NAPS branch.

The next NAPS COVID-19 Communication will be published the week of June 15, 2020. To our NAPS family, we will get through this pandemic together, stronger than ever. Keep safe. Be vigilant. Have faith and God Bless!
