Dear Ivan:

This letter is a follow up to a previous correspondence dated January 21 (enclosed), regarding the Postal Service conducting a job analysis for each of the following Clerk craft positions:

Occ-Code	Title	Level
2320-0005	Bulk Mail Clerk	PS-07
2320-28XX	Bulk Mail Technician	PS-07
2345-32XX	Mailing Requirements Clerk	PS-07
2345-0032	Mail Classification Clerk	PS-07
2345-52XX	Mail Classification Clerk	PS-08

As previously advised, each job analysis consists of job observations, interviews, focus groups and surveys with job incumbents, training staff, supervisors, and managers. Participation will be voluntary. Responses will remain confidential and be reported in aggregate.

The Postal Service has completed the job observations and focus groups and is going to conduct the job analysis survey in the coming month.

Enclosed for your review are copies of the *Email Invitation for Employees, Bulk Mail Job Analysis Stand up Talk, Mail Requirements Clerk Survey, Mail Classification Clerk Survey, and the Bulk Mail Technician/Bulk Mail Clerk Survey.*

The results of the job analysis will be used to update job descriptions, selection processes, exams, and training for these positions.

If you have any questions on this matter, please contact Dion Mealy at extension 6861.

Sincerely,

Shannon Richardson
 Director, Labor Relations
 Contract Administration (APWU)

Mr. Ivan Butts
National Association of Postal
Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Dear Mr. Butts:

As a matter of general interest, the Postal Service will be conducting a job analysis for each of the following Clerk craft positions:

Occ-Code	Title	Level
2320-0005	Bulk Mail Clerk	PS-07
2320-28XX	Bulk Mail Technician	PS-07
2345-32XX	Mailing Requirements Clerk	PS-07
2345-0032	Mail Classification Clerk	PS-07
2345-52XX	Mail Classification Clerk	PS-08

Each job analysis will consist of job observations, interviews, focus groups and surveys with job incumbents, training staff, supervisors, and managers. Participation will be voluntary. Responses will remain confidential and be reported in aggregate.

The results of the job analysis will be used to update job descriptions, selection processes, exams, and training for these positions.

The study will begin in February 2022 and will take approximately 6-8 months.

If you have any questions on this matter, please contact Bruce Nicholson at extension 7773.

Sincerely,

A handwritten signature in blue ink, appearing to read "David E. Mills".

Subject: ACTION: Job Analysis Survey – [Due Date]

Hello [FirstName],

You are invited to take the [Job Title] Job Analysis Survey.

The purpose of this survey is to gather information about the tasks performed by [Job Title] and the knowledge, skills and abilities needed to perform those tasks. The results will be used to update job descriptions, selection processes and training programs.

We need your help to get accurate information about the job. Participation is voluntary. Your responses will be kept confidential. Individual responses will not be shared.

Before beginning the survey, please reach out to your Supervisor to coordinate the best date/time to take the survey, which may take [time frame] to complete. You are encouraged to complete the survey in one sitting. However, if you are not able to complete the survey all at once, the link will allow you to resume where you left off.

Please complete the survey. This is your opportunity to help make a difference.

Use a laptop or desktop computer to complete the survey; the survey cannot be completed on a mobile device.

CLICK THE LINK BELOW TO COMPLETE THE SURVEY:

Introduction

Job Analysis Questionnaire

Thank you for your willingness to complete this job analysis questionnaire!

Human Resources is conducting a job analysis of Bulk Mail jobs. Your participation in this analysis is crucial to determine the most relevant characteristics of your job and supporting updates to your job description, selection processes, and training.

[https://usps.indeval.fedtramp.gov/Qualtrics.com/Q/EditSection/Blocks/Ajax/GetSurveyPrintPreview?ContextSurveyID=SV_2uGmYHwsTJKTJs2&ContextLibraryID=UR_2fV ...](https://usps.indeval.fedtramp.gov/Qualtrics.com/Q/EditSection/Blocks/Ajax/GetSurveyPrintPreview?ContextSurveyID=SV_2uGmYHwsTJKTJs2&ContextLibraryID=UR_2fV...) 6/2/2022

The questionnaire is divided into five sections:

- Background Information about you and your job
- Job Tasks
- Knowledge, Skills, and Abilities (KSAs)
- Equipment, Tools, and Technologies
- Respondent Demographics

Please be aware that all responses are confidential and collected data will only be reported in aggregate form. Participation in this questionnaire is voluntary, and no individual responses will be identified from this survey. Please respond to all statements by following the instructions for each section and indicating the response that best reflects your opinion. It is important that you complete each section of the survey, as incomplete surveys cannot be used in this process.

The questionnaire will take approximately 90 minutes to complete; it will be open through [close date]. Please attempt to complete the survey in one session. If you are unable to complete the survey in a single session, you may use the same link to resume the survey. Upon returning, the link will enable you to continue where you left off.

If you have any questions about the survey content or process, email HR Survey Support.

Task Statement Instructions

TASK RATINGS

This section of the questionnaire lists tasks you may perform. For each of the following items, rate the **FREQUENCY** you perform the task, the **IMPORTANCE** of the task for successful job performance. If you do not perform a task yourself, select "Not performed" for both scales. For **REMOTE**, indicate if the task can be completed remotely (for example, is this a task that must be completed on-site at a postal facility or can it be completed virtually). If you do not perform a task yourself, select "NO".

Instructions: Use the scales below to rate the tasks. Be sure to provide ratings for every task.

FREQUENCY: How often do you perform this task?

- Not performed** - I do not perform this task.
- Infrequently** - I perform this task no more than once a month.
- Somewhat Frequently** - I perform this task no more than once a week.
- Frequently** - I perform this task several times a week, but no more than once a day.
- Very Frequently** - I perform this task several times each day.

IMPORTANCE: How important is this task for successfully performing your job?

- Not performed** - I do not perform this task.
- Not Important** - This task is not important to my job. Failure to successfully perform this task typically has no consequence.
- Minor Importance** - This task is of minor importance to my job. Failure to successfully perform this task has little or no consequence.
- Important** - This task is important to my job. Failure to successfully perform this task has some negative consequences.
- Critical** - This task is one of the most essential tasks of my job. Failure to successfully perform this task has significant negative consequences.

REMOTE: Can this task be performed remotely?

- Yes** - This task can be performed remotely.
- No** - This task must be performed at a Postal Facility.

Knowledge, Skills and Abilities Instructions

KNOWLEDGE, SKILLS and ABILITIES RATINGS

This section of the questionnaire lists the knowledge, skills and abilities (KSAs) that may be required to successfully perform your job. For each of the following items, rate the **IMPORTANCE** of the KSA for successful job performance, whether the KSA is **NEEDED AT ENTRY**, or upon appointment to the job, and how well the KSA can provide **DISTINGUISHING VALUE** for employee performance.

Instructions: Use the scales below to rate the KSAs. Be sure to provide all three ratings for every KSA. The scales will also be visible when hovering over each rating label.

IMPORTANT: To what extent does proficiency with the KSA contribute to the primary objectives of the job?

Not Important - This KSA is not important to successful performance.

Minor Importance - This KSA is of minor importance to successful job performance.

Important - This KSA is important to successful performance.

Critical - This KSA is essential to the job and is critically important to successful performance.

NEEDED AT ENTRY: Is this KSA required before being hired, or can it be learned on the job?

No - Successful job performance does not require proficiency in this KSA prior to entry. Competence in this area must be developed over time through training or experience on the job.

Yes - Successful job performance requires this KSA prior to entry. Competence in this area is difficult to acquire, and job demands require this KSA soon after hire (for example, in the first week or so).

DISTINGUISHING VALUE: How well does this KSA help to distinguish between acceptable and superior performance on the job? That is, how much better do employees perform when they have more of this KSA than those who have less of this KSA?

Not at all – Having more of this KSA does not lead to better job performance.

Moderately – Having more of this KSA leads to moderately better job performance. For example, an employee may need to have working knowledge of national and local union agreements to gather information needed for grievance processes. However, having more knowledge of union agreements doesn't help the employee to gather needed information more accurately or quickly.

Considerably – Having more of this KSA leads to considerably better job performance. For example, having more knowledge of national and local union agreements may enable a supervisor to have more positive relationships with craft employees and union representatives resulting in significantly fewer grievances.

Equipment, Tools & Technology

Equipment, Tools & Technology

This section of the questionnaire lists systems and technologies you may use to perform your job. For each of the following items, rate the **FREQUENCY** you use the system or technology.

FREQUENCY: How often do you use the system or technology while performing your job? Rate each item using the following scale:

- Not Used** - I do not use this system or technology in my job.
- Infrequently** - I use this system or technology no more than once a month.
- Somewhat Frequently** - I use this system or technology no more than once a week.
- Frequently** - I use this system or technology several times a week, but no more than once a day.
- Very Frequently** - I use this system or technology several times each day.

For each of the following items, rate the **FREQUENCY** you use the system or technology. The scales are visible when hovering your mouse over each rating label.

TASK RATINGS

This section of the questionnaire lists tasks you may perform. For each of the following items, rate the **FREQUENCY** you perform the task, the **IMPORTANCE** of the task for successful job performance. If you do not perform a task yourself, select "Not performed" for both scales. For **REMOTE**, indicate if the task can be completed remotely (for example, is this a task that must be completed on-site at a postal facility or can it be completed virtually). If you do not perform a task yourself, select "NO".

Instructions: Use the scales below to rate the tasks. Be sure to provide both ratings for every task.

FREQUENCY: How often do you perform this task?

- Not performed - I do not perform this task
- Infrequently - I perform this task no more than once a month.
- Somewhat Frequently - I perform this task no more than once a week.
- Frequently - I perform this task several times a week, but no more than once a day.
- Very Frequently - I perform this task several times each day.

IMPORTANCE: How important is this task for successfully performing your job?

- Not performed - I do not perform this task.
- Not Important - This task is not important to my job. Failure to successfully perform this task typically has no consequence.
- Minor Importance - This task is of minor importance to my job. Failure to successfully perform this task has little or no consequence.
- Important - This task is important to my job. Failure to successfully perform this task has some negative consequences.
- Critical - This task is one of the most essential tasks of my job. Failure to successfully perform this task has significant negative consequences.

REMOTE: Can this task be performed remotely?

- Yes - This task can be performed remotely.
- No - This task must be performed at a Postal facility.

KNOWLEDGE, SKILLS and ABILITIES RATINGS

This section of the questionnaire lists the knowledge, skills and abilities (KSAs) that may be required to successfully perform your job. For each of the following items, rate the **IMPORTANCE** of the KSA for successful job performance, whether the KSA is **NEEDED AT ENTRY**, or upon appointment to the job, and how well the KSA can provide **DISTINGUISHING VALUE** for employee performance.

Instructions: Use the scales below to rate the KSAs. Be sure to provide all three ratings for every KSA. The scales will also be visible when hovering over each rating label.

IMPORTANCE: To what extent does proficiency with the KSA contribute to the primary objectives of the job?

Not Important - This KSA is not important to successful performance.

Minor Importance - This KSA is of minor importance to successful performance.

Important - This KSA is important to successful performance.

Critical - This KSA is essential to the job and is critically important to successful performance.

NEEDED AT ENTRY: Is this KSA required before being hired, or can it be learned on the job?

No - Successful job performance does not require proficiency in this KSA prior to entry. Competence in this area must be developed over time through training or experience on the job.

Yes - Successful job performance requires this KSA prior to entry. Competence in this area is difficult to acquire, and job demands require this KSA soon after hire (for example, in the first week or so).

DISTINGUISHING VALUE: How well does this KSA help to distinguish between acceptable and superior performance on the job? That is, how much better do employees perform when they have more of this KSA than those who have less of this KSA?

Not at all - Having more of this KSA does not lead to better job performance.

Moderately - Having more of this KSA leads to moderately better job performance. For example, an employee may need to have working knowledge of national and local union agreements to gather information needed for grievance processes. However, having more knowledge of union agreements doesn't help the employee to gather needed information more accurately or quickly.

Considerably - Having more of this KSA leads to considerably better job performance. For example, having more knowledge of national and local union agreements may enable a supervisor to have more positive relationships with craft employees and union representatives resulting in significantly fewer grievances.

Equipment, Tools & Technology

Equipment, Tools & Technology

This section of the questionnaire lists systems and technologies you may use to perform your job. For each of the following items, rate the **FREQUENCY** you use the system or technology.

- FREQUENCY:** How often do you use the system or technology while performing your job? Rate each item using the following scale:
- Not Used** - I do not use this system or technology in my job.
 - Infrequently** - I use this system or technology no more than once a month.
 - Somewhat Frequently** - I use this system or technology no more than once a week.
 - Frequently** - I use this system or technology several times a week, but no more than once a day.
 - Very Frequently** - I use this system or technology several times each day.

For each of the following items, rate the **FREQUENCY** you use the system or technology. The scales are visible when hovering your mouse over each rating label.

Introduction

Job Analysis Questionnaire

Thank you for your willingness to complete this job analysis questionnaire!

Human Resources is conducting a job analysis of Bulk Mail jobs. Your participation in this analysis is crucial to determine the most relevant characteristics of your job and supporting updates to your job description.

https://uspsindexvalfedramp.gov/Qualtrics.com/Q/EditSection/Blocks/Ajax/GetSurveyPrintPreview?ContextSurveyID=SV_9EO3cw512KPsIDQ&ContextLibraryID=UR_2fV... 6/1/2022

selection processes, and training.

The questionnaire is divided into five sections:

- Background information about you and your job
- Job Tasks
- Knowledge, Skills, and Abilities (KSAs)
- Equipment, Tools, and Technologies
- Respondent Demographics

Please be aware that all responses are confidential and collected data will only be reported in aggregate form. Participation in this questionnaire is voluntary, and no individual responses will be identified from this survey. Please respond to all statements by following the instructions for each section and indicating the response that best reflects your opinion. It is important that you complete each section of the survey, as incomplete surveys cannot be used in this process.

The questionnaire will take approximately 90 minutes to complete; it will be open through [close date]. Please attempt to complete the survey in one session. If you are unable to complete the survey in a single session, you may use the same link to resume the survey. Upon returning, the link will enable you to continue where you left off.

If you have any questions about the survey content or process, email HR Survey Support.

Task Statement Instructions

TASK RATINGS

This section of the questionnaire lists tasks you may perform. For each of the following items, rate the **FREQUENCY** you perform the task and the **IMPORTANCE** of the task for successful job performance. If you do not perform a task yourself, select "Not performed" for both ratings.

Instructions: Use the scales below to rate the tasks. Be sure to provide both ratings for every task.

FREQUENCY: How often do you perform this task?

Not performed - I do not perform this task.

Infrequently - I perform this task no more than once a month.

Somewhat Frequently - I perform this task no more than once a week.

Frequently - I perform this task several times a week, but no more than once a day.

Very Frequently - I perform this task several times each day.

IMPORTANCE: How important is this task for successfully performing your job?

Not performed - I do not perform this task.

Not important - This task is not important to my job. Failure to successfully perform this task typically has no consequence.

Minor Importance - This task is of minor importance to my job. Failure to successfully perform this task has little or no consequence.

Important - This task is important to my job. Failure to successfully perform this task has some negative consequences.

Critical - This task is one of the most essential tasks of my job. Failure to successfully perform this task has significant negative consequences.

KNOWLEDGE, SKILLS and ABILITIES RATINGS

This section of the questionnaire lists the knowledge, skills and abilities (KSAs) that may be required to successfully perform your job. For each of the following items, rate the **IMPORTANCE** of the KSA for successful job performance, whether the KSA is **NEEDED AT ENTRY**, or upon appointment to the job, and how well the KSA can provide **DISTINGUISHING VALUE** for employee performance.

Instructions: Use the scales below to rate the KSAs. Be sure to provide all three ratings for every KSA. The scales will also be visible when hovering over each rating label.

IMPORTANCE: To what extent does proficiency with the KSA contribute to the primary objectives of the job?

Not Important - This KSA is not important to successful performance.

Minor Importance - This KSA is of minor importance to successful job performance.

Important - This KSA is important to successful performance.

Critical - This KSA is essential to the job and is critically important to successful performance.

NEEDED AT ENTRY: Is this KSA required before being hired, or can it be learned on the job?

No - Successful job performance does not require proficiency in this KSA prior to entry. Competence in this area must be developed over time through training or experience on the job.

Yes - Successful job performance requires this KSA prior to entry. Competence in this area is difficult to acquire, and job demands require this KSA soon after hire (for example, in the first week or so).

DISTINGUISHING VALUE: How well does this KSA help to distinguish between acceptable and superior performance on the job? That is, how much better do employees perform when they have more of this KSA than those who have less of this KSA?

Not at all - Having more of this KSA does not lead to better job performance.

Moderately - Having more of this KSA leads to moderately better job performance. For example, an employee may need to have working knowledge of national and local union agreements to gather information needed for grievance processes. However, having more knowledge of union agreements doesn't help the employee to gather needed information more accurately or quickly.

Considerably - Having more of this KSA leads to considerably better job performance. For example, having more knowledge of national and local union agreements may enable a supervisor to have more positive relationships with craft employees and union representatives resulting in significantly fewer grievances.

Equipment, Tools & Technology

Equipment, Tools & Technology

This section of the questionnaire lists systems and technologies you may use to perform your job. For each of the following items, rate the **FREQUENCY** you use the system or technology.

FREQUENCY: How often do you use the system or technology while performing your job? Rate each item using the following scale:

- Not Used** - I do not use this system or technology in my job.
- Infrequently** - I use this system or technology no more than once a month.
- Somewhat Frequently** - I use this system or technology no more than once a week.
- Frequently** - I use this system or technology several times a week, but no more than once a day.
- Very Frequently** - I use this system or technology several times each day.

For each of the following items, rate the **FREQUENCY** you use the system or technology. The scales are visible when hovering your mouse over each rating label.
