Dear Mr. Butts:

This is in further reference to our previous correspondence concerning Sorting and Delivery Centers (S & DCs). As discussed in our July 29 correspondence the purpose of creating S & DCs is to reduce transportation and mail handling costs, as well as provide Postal customers with additional services. S & DCs will allow for easier standardization and management of operations while improving building and operating conditions for employees.

This notice is to provide you with updated information on the sites for conversion into S&DCs. Below is the updated list of S&DC sites and spoke offices for September:
