February 16, 2024

Mr. Ivan D. Butts
President, National Association
of Postal Supervisors
1772 King Street, Suite 400
Alexandria, VA 22314-2753

Certified Mail Tracking Number:

7019 2280 0001 6260 5223

Dear Mr. Butts:

As a matter of general interest, the Postal Service has updated the *Intelligent Mail Data Acquisition System* (IMDAS).

Effective February 17, all intelligent *Mail Delivery Device In-Office* (MDDIO) hand-held scanners will receive the following updates:

- Smart Locker Pkg for AAU
- 3908-S/3849 Forms for Receptacle Full Item Overage
- Include Facility ID in Site Configuration Process
- Change in Supervisor Menu for Temporary EIN
- Arrow Key Enhancement
- Enable EIN Validation for Timekeeping
- Copy of the *IMDAS Release 53 (Software Version 53) User Instructions*; and
- *IMDAS Release 53 (Software Version 53) Service Talk*.

Enclosed is a copy of the *IMDAS Release 53 (Software Version 53) User Instructions*; and a copy of the *IMDAS Release 53 (Software Version 53) Service Talk*.

If there are any questions, please contact Dion Mealy at 202-507-0193.

Sincerely,

For Shannon R. Richardson
Director
Contract Administration (APWU)

Enclosures

**IMDAS Release 53 (Software Version 53.52)
February 17, 2024
User Instructions**

Attention:

**This instruction is for MDD In-Office
scanners.**

These **User Instructions** cover the following:

- **For Pilot sites** – How to point your MDD In-Office device back to the RIMS Production server.
- **For Non-Pilot sites** – Downloading instructions and actions to take if running a version other than **53.52** on Monday morning.
- How to check the software version on the MDD In-Office device.

Pilot Sites: No later than **COB Friday, February 16, 2024:**

1. Log-in at the National URL: <https://rims-imdas.usps.com>
2. Click on Config tab
3. Click on “Print Site Configuration Barcode” shortcut on left panel
4. Select MDD In Office Clerk from the drop-down Menu
5. Click print button to print a copy of the Site Configuration Barcode. **Note: Old Site Configuration Barcode will not work on Release 53.**
6. Using the printout, scan the site configuration barcode for each MDD In-Office that was used for Pilot (See next slide for illustrated printout instructions)
7. Cradle the MDD In-Office. New version download should be complete by Monday AM.

Notes:

- No action required of sites that were **not** part of Pilot. We assume you are already pointed to RIMS production.

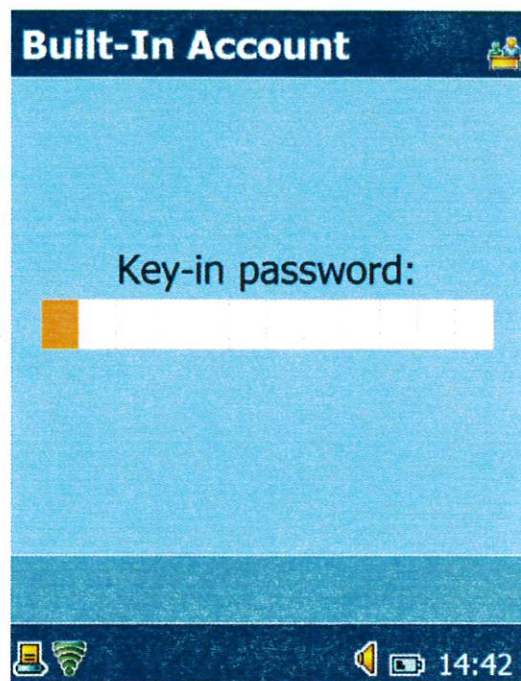

MDD In-Office Site Configuration

The screenshot shows the RIMS Home page for user 545401 - 45401 - DAYTON OH PDC. The 'Config' tab is selected in the navigation bar. On the left sidebar, the 'Print Site Configuration Barcode' option is highlighted with a red box. The main content area shows a 'Print' button and a 'Configuration Type' dropdown menu set to 'MDD IO In-office Clerk'. A red note with arrows pointing to the 'Print' button and the dropdown menu reads: 'Note: Please select Print and choose MDD IO In-office Clerk.'

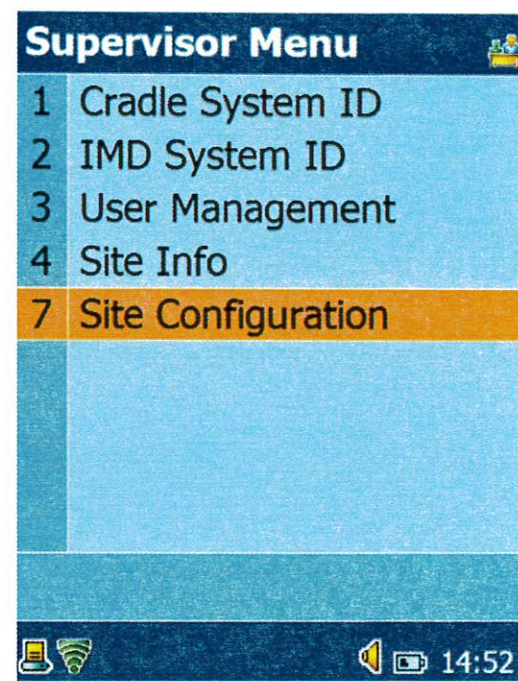

Log In Procedure to Scan Site Configuration Barcode for MDD In-Office

Press the **“RED”** key and then press **“S”** key.

Password = 07041776
Press ENTER

Select Option 7 **“Site Configuration”**

Non-Pilot Sites - No later than COB Friday, February 16, 2024:

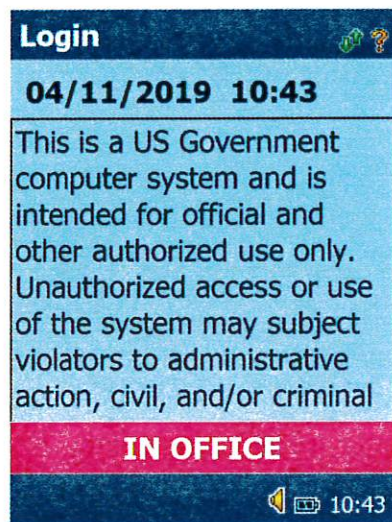

- Cradle the device. The new version should be downloaded.
- Check SW version Monday AM. If still other than **53.52**, please contact the IMDAS Help Desk. They will walk you through the process.

Note: Scanners received from CRF or other sites, please scan the current site configuration barcode.

Checking the current version of IMDAS software running on the MDD In-Office

Version **53.52** is the **Production** Version of IMDAS Software being deployed to sites this weekend (**February 16, 2024**). To verify that the MDD In-Office device has successfully downloaded this version:

From the “Government Message” on the login screen, press the “**RED**” key and then the “**H**” key on the MDD In-Office device.

Significant Key Combinations for MDD In-Office Device

Timekeeping	RED + 'F'

NOTE For key combination using RED button, button must be pressed first THEN the letter follows

In need for MDDIO Support?

For MDDIO Support, you may enter a self-service ticket for your device or site issue at the below URL:

<http://ethos/Field/SelfService/Create>

You may also contact a helpdesk agent by calling 1-800-877-7435.

When prompted on reason for call, say ***“Technical Assistance”*** or select option ‘2’

When prompted for name of application, system or product you are calling about, spell out letters ***“I-M-D-A-S”***.

When prompted to verify you spelled **IMDAS**, Intelligent Mail Data Acquisition System, say ***“Yes”***.

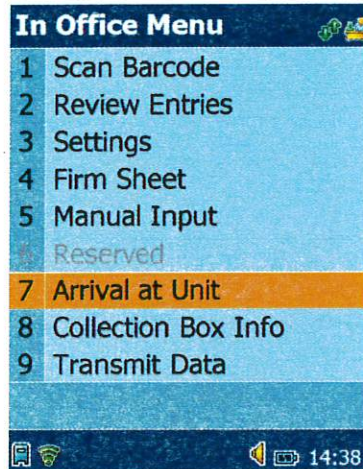

You will then be transferred to the next available agent at the MDDIO Support Help Desk.
