

Executive Board,

Though Hurricane Harvey has passed, the aftermath of its destruction has not. Many NAPS and postal family members continue to need your help as they rebuild their homes and put their lives back together. Unfortunately, hurricane season is not over. On the heels of Harvey, Hurricane Irma has now passed the Virgin Islands and Puerto Rico and may potentially impact the southeast United States.

NAPS continues to send its thoughts and prayers to those in Texas and Louisiana as they begin the process of rebuilding. However, we want to remind everyone in the path of Hurricane Irma to be safe. In addition, we ask NAPS members to keep those in the path of Irma in their thoughts and prayers as well. I know our NAPS and postal family members who have been or will be impacted by these natural disasters appreciate our thoughts and prayers, but many will need financial assistance, too. You can help!

NAPS headquarters encourages all members to visit The Breaking News section of our NAPS website at [www.naps.org](http://www.naps.org) to learn how to donate to the Postal Employees Relief Fund (PERF). Please reach out today and help your fellow NAPS and postal family members by donating to PERF. You can make a difference! Thank you in advance for your PERF donation and generosity.

Please share this message with your membership.
