

January 25, 2018

Mr. Brian J. Wagner
President
National Association of Postal Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Dear Brian:

This is in further reference to our May 8, 2017, notice concerning the Postal Service's intent to collect data at the West Springfield, Virginia (22152) Post Office in the Northern Virginia District.

Headquarters employees will visit the site to collect information including: interviews with employees, job observations, and the longitude and latitude coordinate for deliveries along delivery routes. The data collectors will accompany several carriers on the street.

This data collection is scheduled to be performed during February.

The results will be used to help determine the accuracy of our data collection systems related to geographic information.

If you have any questions concerning this matter, please contact Bruce Nicholson at extension 7773.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan S. Moore".

Alan S. Moore
