

LABOR RELATIONS

December 10, 2018

Mr. Brian J. Wagner  
President  
National Association of Postal Supervisors  
1727 King Street, Suite 400  
Alexandria, VA 22314-2753

FAXED

Dear Brian:

As a matter of general interest, the Postal Service plans to test In-Office functionality on the Mobile Delivery Device (MDD).

This test will focus on incorporating the current Intelligent Mail Data Acquisition System (IMDAS) In-Office user software into the MDDs. Testing will begin on December 10 in two delivery units in the Northern Virginia District (Merrifield, Virginia and Fairfax Station, Virginia). The test will run for approximately one month.

During the test, the sites will use the MDDs in place of the IMDAS.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Alan S. Moore".
