

LABOR RELATIONS

August 28, 2018

Brian J. Wagner
President
National Association of Postal
Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Dear Brian:

The Postal Service proposes revision of ELM 512.222, *Service in Other Federal Government Organizations, the District of Columbia, or Gallaudet University* to include not-to-exceed (NTE) time in another federal agency as for leave computation with the Postal Service.

This matter is suitable for proposal when we are in the pay consultation process delineated in Title 39 § 1004 (e). The Postal Service cannot make the changes embodied in this proposal unless there is agreement from both Management Associations to consultation outside of that process.

This revision will enhance our nonbargaining pay policies and strengthen fairness concerning the interests of our employees and the Postal Service.

If you agree to consultation outside of the pay consultation process please review this correspondence, including the enclosed material, sent to you pursuant to Title 39 § 1004. Upon your review please contact me to provide any recommendations as soon as possible so we can process this matter without undue delay.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bruce A. Nicholson".

Bruce A. Nicholson
Manager
Labor Relations Policy Administration
