Dear Brian:

As a matter of general interest, the Postal Service plans to partner with CVS to establish a *Retail Pharmacy Next Day Delivery Program*.

This program will provide next day prescription delivery service from 9800 CVS store locations including 1800 CVS pharmacies located within Target stores. CVS will utilize *Priority Mail* for local shipments of retail prescriptions and other store products. This will require late afternoon postal pick up service at the pharmacy counters Monday through Friday, between 4-5 p.m. and Saturday between 3-5 p.m.

The CVS *Retail Pharmacy Next Day Delivery Program* will begin April 1.

We have enclosed a copy of the *CVS Retail Pharmacy Next Day Delivery Program PowerPoint* presentation which contains an overview of the program.

Please contact Bruce Nicholson at extension 7773 if you have any questions concerning this matter.

Sincerely,

Alan S. Moore
