FAXED

Mr. Brian J. Wagner
President
National Association of Postal Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Dear Brian:

As a matter of general interest, the Postal Service plans to investigate the feasibility of using autonomous delivery vehicle technology.

As part of this initiative, we plan to submit a Request for Information (RFI) to the Federal Business Opportunities (Fed Biz Opps) website regarding information from industry experts on autonomous delivery vehicle technology. The RFI will include solicitation of related information including, Light Detection and Ranging (LIDAR), cameras, ultrasonic sensors, and radar sensors. Additionally, we will seek industry specialists willing to test and integrate autonomous vehicles into the delivery environment.

We do not intend to award a contract based on the subject RFI.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan S. Moore".
