NAPS Mourns the Passing of Stanley Gold Long-Time NAPS Legislative Advocate & Leader

It is with much sadness that the National Association of Postal Supervisors (NAPS) reports that long-time NAPS legislative advocate and member of NAPS Branch 146, Stanley Gold, passed away on Friday, January 1, 2021. Stanley was a true gentleman, but also a legislative mentor, advocate and leader for all NAPS members. NAPS extends its thoughts, prayers and deepest sympathies to the Gold family.

In 2016, NAPS recognized Stanley Gold's legislative advocacy and leadership with NAPS' *The Gold Standard Legislative Leadership Award* named in honor of Stanley, who was the first award recipient.

Stanley's daughter Lois said it best:

The Best Grandpa, Labor Leader, Advocate for Postal Workers and Veterans, Lifelong Democrat, Swimmer, Traveler, Great Friend, and Native of Brockton, MA: Stanley Gold, Or Uncle Mel to many, passed away in his sleep early this morning from complications due to COVID-19. He risked a temporary move to Atlanta to give assisted living a chance so he could resume his active social life. As he said, he took his chances. His sense of humor and optimism remained until the very end. Together again with the love of his life, Carol. May His Memory Be A Blessing.

Memorials may be made in Stanley Gold's name to the National Museum of American Jewish Military History at the link below.
