## **Board Memo 009-19 Another Factfinding Extension Until April 30<sup>th</sup>**

Executive Board,

NAPS was notified on April 11<sup>th</sup> that the Factfinding Panel has requested another extension from the USPS and NAPS. The panel was to provide its final recommendation report to the USPS on April 12<sup>th</sup>. However, the panel is requesting another extension until April 30<sup>th</sup> to present their written report to the Postal Service.

The Factfinding panel stated in their latest extension request that it will keep in mind the Parties' interest in earlier receipt of the Report. NAPS agreed to this extension. However, NAPS has firmly stated to the panel that it will not approve any further extensions after April 30<sup>th</sup> as NAPS members have been more than patient in waiting for a final resolution to the USPS FY2016-2019 EAS pay package.

Please share this Board Memo with your members. It will also be posted on the NAPS website Bulletin Board.

Thank you.

Brian J. Wagner  
NAPS National President
