### **Board Memo 021-19 - USPS Initiative: Redundant emails, reports, telecoms & meetings**

Executive Board,

There is a USPS initiative to again reduce redundant emails, reports, telecoms & meetings. NAPS was contacted via email from the USPS COO about this initiative, who is requesting NAPS participation.

The COO asked USPS leadership to seek members of NAPS at the District level to serve on teams to help eliminate redundant and low value emails, reports, telecoms, and meetings. The initiative is to take 4-weeks. This initiative is already starting in some Districts. In addition, some local NAPS leaders have already been contacted by USPS District leadership asking for participation. Further, USPS is requesting NAPS members complete the survey related to initiative. NAPS encourages members to complete this specific survey. NAPS wants to ensure the USPS can collect accurate data to assess the amount of USPS redundancy EAS must handle on a regular basis.

NAPS HQ will continue to follow-up with the USPS HQ to ensure NAPS representation are on each District team to help assess the survey results and provide resolutions to this redundancy issue. Please share this information with your members.

Thank you.

Brian J. Wagner  
NAPS National President
