SDC Definitions

SDC Definitions

| SDC Classification | Definition |
|--------------------|---|
| SDC | Sorting and Delivery Center |
| SDUS(+) | Small Delivery Unit Sorter (Plus) - Machines capable of sorting machinable packages to a carrier route level by combining the route ID, address information, weight and dimensions. The Plus identifies a machine with a longer induction, increasing throughput capabilities |

| SDC Classification | Definition |
|---|--|
| SDC Insource and Transfer Hub | SDC will be activated with insourced carriers and perform transfer hub work as part of the plant modernization. Example Salem OR SDC |
| SDC Insource - Future TH | SDC will be activated with insourced carriers and is currently planned to have a future transfer hub that will be activated at a future date. Example - Pompano Beach FL SDC |
| SDC Insource | SDC will be activated with insourced carriers and is not planned to have a future transfer hub. Example - North Atlanta GA SDC |
| SDC Future Insource/TH | SDC will be activated but carriers will not be insourced until a future date and is currently planned to have a future transfer hub. Example - Everett WA SDC |
| SDC Transfer Hub Downstream | SDC will be activated and perform transfer hub work as part of the plant modernization. No current plans to insource carriers due to parking constraints and or no spokes passing FRT. Example - South Macon GA SDC |
| SDC Transfer Hub Downstream - Future Insource | SDC will be activated and perform transfer hub work as part of the plant modernization and insourcing carriers will be done at a future date. Example - Eugene OR SDC |
| SDC Transfer Hub - Future Downstream | SDC will be activated and are planned to perform transfer hub work as part of the plant modernization at a future date. No current plans to insource carriers due to parking constraints and or no spokes passing FRT. Example - Bridgeport CT SDC |
| SDC Modernization in Progress (MIP) | SDC will be activated but there is no identified excess space to insource carriers. If needed these may potentially be utilized as future transfer hubs but they are currently not identified. Sites currently have an SDUS or ADUS. Example - Franklin TN SDC |
