### **Board Memo 036-19 – Ship From Store Carrier Survey**

Executive Board,

The Postal Service has developed a survey to estimate the cost associated with commercial parcel pick-ups. According to USPS HQ, the surveying started mid-week last week and will end at the conclusion of next week, December 6. Attached, please find a list of the 245 offices that are being surveyed along with the survey worksheet. This survey will require an EAS supervisor to enter some survey information.

Be advised that NAPS HQ was not consulted in accordance with Title 39 prior to implementation of this *Ship From Store Carrier Survey*. USPS HQ Labor Relations is aware of NAPS's disappointment that consultation did not take place prior to survey's implementation. Please share this Board Memo and attachment with your members to make them aware of this latest USPS *Ship From Store Carrier Survey*.

Thank you.

NAPS Headquarters
