## **USPS and NAPS Jointly Agree to Extend FY2020-2023 Pay Consultation**

The U.S. Postal Service and the National Association of Postal Supervisors (NAPS) have been engaged in EAS Pay Consultations for FY2020-2023 since April 22, 2021. Under Title 39, USPS is supposed to provide NAPS with a final pay package within 90 days from the start of pay talks—that is today.

However, in the spirit of cooperation, good faith, and in the best interest of NAPS members to attempt to achieve a fair and equitable pay agreement, NAPS and the Postal Service have agreed to extend pay talk consultations for 30-days, until August 23, 2021.

The NAPS Resident Officers thank the membership for their understanding, cooperation and patience in this matter. As NAPS extends pay talks for the next 30-days, pay consultation remains confidential until a final EAS pay package is received.
