Board Memo 063-2020: USPS HQ Clarifying Operational Instructions

Executive Board,

The attached USPS HQ memo from Chief Retail and Delivery Officer Kristin Seaver and Chief Logistics and Processing Operations Officer Dave Williams was shared by the USPS with NAPS HQ. This USPS memo addresses misinformation and clears up confusion about the status of the Postal Service's practices concerning Overtime, Hiring, Retail Hours, Collection Boxes, Truck Schedules, Mail Processing, and Election Mail. These Clarifying Operational Instructions detail practices as they currently stand related to those topics.

Please share this NAPS memo and USPS attachment with your members. It will also be posted on the Bulletin Board of NAPS website, naps.org.

Thank you and be safe.

NAPS Headquarters
