Board Memo 075-2023: Update on Mercury Spill in Las Vegas

Executive Board,

Below is an update on the mercury spill in Las Vegas.

6/26/2023: Las Vegas Mercury Spill PM update, information per USPS Industrial Hygienist Brandon Henderson

Las Vegas PSA (Henderson)

1. Contractor began final clearance activities overnight last night, 6/25/2023.
2. Contractor drove samples from Las Vegas to a lab in Los Angeles for analytical testing; arrived at the lab at 8:00am local time.
3. Contractor stated there were no issues reported when the lab took custody of the samples.
4. **Final clearance samples are still being processed by the lab.**
5. Contractor will inform USPS Industrial Hygiene team of the results as soon as they are reviewed by the Toxicologist.
 1. If results are favorable, CIH team will inform Las Vegas PSA plant manager clearance is granted.
 2. Clearance certificate will be provided by the contractor as soon as possible.

Thank you, and be safe.
