Dear Brian:

By letter dated July 15, you were notified that as a matter of general interest, the Postal Service had determined the five (5) International Service Centers (ISC) would be realigned to report into the Processing Divisions and not the Vice President (VP) Processing and Maintenance Operations organization as originally intended on May 8, 2021. This change is a continuation of the PMG organizational change announcement on August 7, 2020.

The official human resource and finance systems of record were to be updated effective July 17. However, these updates did not occur. At this time, we have not been provided with a date or any other information concerning when the changes will occur.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "David E. Mills".
