Own Your Career with HERO!

HERO — the one-stop Human Resources shop for USPS employees — is now available through our employee website, LiteBlue.

HERO gives you an easier, more convenient way to access eReassign, job bidding, PostalEase, and other HR systems that you need. New resources are also available to assist you in developing yourself and reaching your career goals.

Two key features are your **HEROProfile** and online training courses through the **Learning Portal**.

HEROProfile provides a consolidated view of your contact details and work experience, and you can also add your skills and interests. It's completely voluntary to complete your HEROProfile however, postal leaders will have the ability to view profile information and may be looking for someone with your unique skills, education, or certifications.

The Learning Portal gives you the ability to complete off-the-clock, non-postal, online training courses. These courses cover a wide variety of topics on both professional and personal self-development.

Check out HERO today and begin your career journey! Visit LiteBlue (lite-blue-dot-usps-dot-gov). You will need your employee ID and password to log in. Then click on HERO at the top of the LiteBlue home page.

More information, frequently asked questions, and other support materials are available on the HERO Support Page once you access HERO.
