Dear Brian:

This is in further reference to our June 1, 2018, notice concerning the new parcel sorter machine Automated Delivery Unit Sorter (ADUS).

The Postal Service plans to expand the deployment of production ADUS machines during 2019 to thirty locations, six plants and twenty four delivery units. The ZIP Codes involved in this rollout are enclosed.

The deployment is scheduled to begin the week of April 22. The installation and acceptance testing will take approximately two weeks for each machine. Live mail will be used during acceptance testing.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,
