

Date

Mr. Brian J. Wagner  
President  
National Association of Postal Supervisors  
1727 King Street, Suite 400  
Alexandria, VA 22314-2753

Dear Brian:

This is in further reference to our February 15 correspondence concerning the Postal Service's intent to investigate the feasibility of using autonomous delivery vehicle technology.

At this time, the Postal Service intends to issue a Request for Proposal (RFP) to test the conversion of several of the Postal Service's Commercial-Off-The-Shelf Right-Hand Drive (COTS RHD) Mercedes Metris vehicles for automated delivery use.

The RFP will be posted on the System for Award Management website (SAM.gov) by the end of this month. Potential vendors will be given 12 weeks to respond, with a subsequent contract award later in 2020.

Please contact Bruce Nicholson at extension 7773, if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "David E Mills".

David E Mills  
Acting Manager  
Labor Relations Policies and Programs
