LABOR RELATIONS

October 21, 2021

Mr. Ivan Butts
President
National Association of Postal Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Faxed

Dear Ivan:

By letter dated July 15 you were notified that as a matter of general interest, the Postal Service had determined the five International Service Centers (ISC) would report to the Senior Director, Division Processing Operations responsible for the geographic area under the applicable Vice President Regional Processing Operations. Employees will continue performing their current duties and work assignments. This change was a continuation of the PMG organizational change announcement made on August 7, 2020.

By letter dated July 21, you were notified that changes to the ISC reporting relationships would not be occurring.

This is official notification that the official human resource and finance systems of record will be updated to reflect the change in the ISC reporting relationships effective October 23, 2021.

Enclosed is a file depicting the changes to the reporting relationships for the five ISCs.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "David E. Mills", written over a circular blue ink stamp.
