Dear Brian:

Consistent with the Postmaster General's 10-year plan, *Delivering for America*, the Postal Service intends to acquire 46 package support annexes (PSAs), which will support mail processing facilities in key locations. The purpose of the subject annexes is to supplement customers' growing package volume.

Enclosed please find a list of the 46 annexes, which identifies the physical location of each annex and the mail processing facility each annex will support.

Each annex will be leased for a minimum of two years and will operate on a year-round basis. It is anticipated that all annexes will be operational by August; however, that date is subject to change.

Please contact Mike Faber at 215-432-0613 if you have any questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shannon R. Richardson".
