Dear Ivan:

This is in further reference to the Postal Service's correspondence dated September 26, 2023 (enclosed), regarding the expansion of Smart Locker installations in retail offices across the country. The keyless parcel lockers will allow customers to retrieve incoming, redelivered and oversized post office (PO) box packages without waiting in the retail line.

As previously explained, customers can submit redelivery requests using quick response (QR) codes from PS Form 3849, *We ReDeliver for You!* left when a carrier is unable to deliver an item successfully or they can use the *PO Box Package Pickup Notice* form to select the Smart Locker delivery option at no additional charge. Once a delivery is scanned as ready for pickup, the customer will receive an email with a QR code or a numerical access code to use when retrieving items from the Smart Locker. In addition, customers at the retail counter, the self-service kiosk (SSK), or using an eCommerce website, such as Walmart, Stamps.com, etc. will have the option of using Smart Lockers for shipping or returning packages.

Enclosed on compact disc (CD) is the most current list of locations and deployment dates for the Smart Lockers.

Please contact Dion Mealy at 202-507-0193 if you have any questions concerning this matter.

Sincerely,
