Dear Mr. Wagner:

This is in further reference to the Postal Service's June 30 correspondence (copy enclosed) concerning the deployment of the Single Induction Package Sorter (SIPS) to various Parcel Support Annexes (PSAs) and mail processing facilities throughout the country.

Enclosed is a list of sites where the SIPS is already deployed or is tentatively scheduled to be deployed. For sites where the SIPS is already installed, the subject list identifies the date installation commenced at that location. For sites where the SIPS is tentatively scheduled to be installed, the subject list identified the tentative date installation will begin at that location.

Please contact Mike Faber at 215-432-0613 if you have any questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shannon R. Richardson".

Dear Brian:

This is in further reference to the Postal Service's June 15 correspondence concerning the establishment of Package Support Annexes (PSAs) (copies enclosed).

The Postal Service plans to deploy modified versions of the SDUS, known as the Single Induction Package Sorter (SIPS), to 42 PSAs and 9 mail processing facilities throughout the country.

The SIPS, in contrast to the SDUS, will be affixed with an Optical Character Recognition (OCR) unit, allowing it to read the text of addresses as opposed to only barcodes. Additionally, preventative maintenance for the SIPS will be performed by maintenance personnel.

Enclosed is a list of sites where the SIPS will be deployed. The SIPS deployment schedule has not yet been finalized and will be provided as soon as it becomes available.

Please contact Mike Faber at 215-432-0613 if you have any questions concerning this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Shannon R. Richardson".
