

LABOR RELATIONS

June 10, 2020

Mr. Brian J. Wagner
President
National Association of Postal Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Dear Brian:

As a matter of general interest, the Postal Service is preparing to implement the new Mobile Delivery Device - Technology Refresh (MDD-TR) scanning device.

We have selected the Zebra TC77 device as the new on-street scanner. The Zebra TC77 scanning device will replace the current Honeywell Dolphin 99EX Mobile Delivery Device (MDD) scanners used to collect and transmit data scanned on the street.

Enclosed is the tentative Phase 1 deployment schedule. The deployment of these scanning devices is planned to take approximately ten weeks, with the first scanners scheduled to arrive at the units on June 15. Training on the new scanners will occur prior to carriers beginning to use the new scanners on the street.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "David E. Mills", with a stylized flourish extending to the right.

David E. Mills
Manager
Labor Relations Policies and Programs

Enclosures
