Bob Levi Hired as NAPS Director of Legislative & Political Affairs

The National Association of Postal Supervisors (NAPS) has hired Robert (Bob) Levi as its new Director of Legislative and Political Affairs. Effective, October 20th, Bob will be responsible for managing NAPS' Supervisor Political Action Committee (SPAC) fund and, along with NAPS Executive Vice President Ivan Butts and NAPS Counsel Bruce Moyer, representing NAPS on Capitol Hill and promoting NAPS' legislative agenda.

Bob Levi brings to NAPS nearly four decades of experience on postal matters, including experience as a Capitol Hill staffer and a legislative representative and lobbyist. His service includes 11 years of staff work in the House of Representatives, including seven years on the staff of the former House Post Office and Civil Service Committee. Bob also served for six years as Assistant to the President for Legislative Affairs at the National Association of Letter Carriers and nearly 20 years as Director of Government Relations for the National Association of Postmasters of the United States and its successor organization, the United Postmasters and Managers of America.

The addition of Bob Levi to the NAPS legislative team will strengthen NAPS' presence on Capitol Hill and its stature throughout the postal community in the promotion of the interests of over 26,000 NAPS members.
