Factfinding Report and Recommendations Received

The three-member factfinding panel has reviewed the Postal Service's EAS pay decision and arguments concerning whether the pay package complies with the statutory requirements. The panel has provided its *Factfinding Report and Recommendations* to the Postal Service and NAPS. NAPS is currently reviewing the report and recommendations and will discuss the panel's findings with its Executive Board.

Per Title 39, the Postal Service now has 15-days to submit a final EAS field pay decision to NAPS based on the panel's report.
