Dear Ivan:

This letter is a follow-up to the Postal Service's July 20, 2023 correspondences (enclosed) regarding implementation of a Network Optimization and Plant Modernization Plan, consistent with the Postmaster General's 10-year plan, Delivering for America.

As previously informed, the Postal Service plans to establish Regional Processing Distribution Centers (RPDCs) and Local Processing Centers (LPCs). RPDCs will primarily handle mail processing for outgoing and LPCs will primarily handle mail processing for incoming mail. The two types of centers (RPDCs and LPCs) are intended to provide a consolidated process of mail handling through the reduction of the number of destinations that are currently required by our current facilities and minimizing the transit time from induction of the mail into the mail stream through delivery.

The Postal Service previously advised of two RPDCs in Charlotte NC with three LPCs.

| RPDC | LPC | Address |
|-----------|--------------|----------------------------------|
| Charlotte | | 524 Scalybard Rd Gastonia NC |
| Mid C | | 1820 W Pointe Dr Charlotte NC |
| | Charlotte | 2901 Scott Futrell Charlotte NC |
| | Greenville | 204 Fairforest Way Greenville SC |
| | Johnson City | 530 E Main St Johnson City TN |

Immediately below is the new structure for the Charlotte campus which has one RPDC and three supporting LPCs.

| RPDC | LPC | Address |
|----------------|------------------|----------------------------------|
| Charlotte RPDC | | 524 Scalybard Rd Gastonia NC |
| | Charlotte LPC | 1820 W Pointe Dr Charlotte NC |
| | Greenville LPC | 204 Fairforest Way Greenville SC |
| | Johnson City LPC | 530 E Main St Johnson City TN |

The Postal Service originally scheduled Mid C at 1820 W Pointe Dr, Charlotte NC as an RPDC, however, Mid C will no longer be an RPDC and instead will be an LPC and renamed as Charlotte LPC. The earlier stated Charlotte LPC at 2901 Scott Futrell, Charlotte NC will transfer operations from 2901 Scott Futrell to the newly stated Charlotte LPC at 1820 W Pointe Dr, Charlotte NC.

Any movement of employees and related regional and/or local notifications will be done in accordance with the respective collective bargaining agreement.

Please contact Lindsey Butler at extension 7194 if you have questions concerning this matter.

Sincerely,

for Bruce A. Nicholson

Dear Ivan:

This letter is a follow-up to the Postal Service's April 21 and February 28 correspondences (enclosed) regarding implementation of a Network Optimization and Plant Modernization Plan, consistent with the Postmaster General's 10-year plan, *Delivering for America*.

As previously informed, the Postal Service plans to establish Regional Processing Distribution Centers (RPDCs) and Local Processing Centers (LPCs). RPDCs will primarily handle mail processing for outgoing mail and LPCs will primarily handle mail processing for incoming mail. The two types of centers (RPDCs and LPCs) are intended to provide a consolidated process of mail handling through the reduction of the number of destinations that are currently required by our current facilities and minimizing the transit time from induction of the mail into the mail stream through delivery.

The previous notifications advised of the geographic areas of twelve RPDCs and the LPCs. We have enclosed a list of the specific locations of thirteen RPDCs and the potential locations of the LPCs. Several LPCs have been identified as candidate sites and are still under consideration. These candidate sites are noted in the enclosure. If a decision is reached to further analyze these facilities, the facility will be subject to the applicable policies and procedures in Handbook PO-408, *Mail Processing Facility Review*.

Additional information on these locations, including implementation dates, will be provided once available. Any movement of employees and related regional and/or local notifications will be done in accordance with the respective collective bargaining agreement. Please contact Tomica Duplessis at extension 3073 if you have questions concerning this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce A. Nicholson".
