Dear Wagner:

After carefully considering the relevant factors found in Article 32 of the National Agreement, the Postal Service has made the decision to contract with a third-party to establish and staff a new Surface Transfer Center (STC) in the Orlando, FL area.

The outsourcing of work in this new facility will ensure the continuity of the STC network by further optimizing the consolidation of mail being moved from point-to-point across the postal network. It will also maximize the available transportation between final destination points in an effort to reduce Postal Service operating costs and improve efficiency. Orlando has been determined to be a site that is advantageous to the Postal Service.

No significant impact to the bargaining unit is anticipated.

If there are any questions or concerns regarding this decision, please contact me at 2357.
