

LABOR RELATIONS

September 10, 2020

Mr. Brian J. Wagner
President
National Association of Postal
Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Dear Mr. Wagner:

This is in further reference to our August 12 notice concerning the decision to contract with a third-party to upgrade the Process Control System (PCS) and ancillary hardware on approximately 167 Robotic Containerization Systems (RCS) deployed in 42 facilities across the Postal Service.

Effective September 3, the RCS upgrade program was put on hold. Active upgrades in the Cleveland P&DC and Brooklyn that are currently in progress will be completed. However, the start of all new upgrades will be delayed. A date for resuming the upgrade project has not been established at this time.

Please contact me at extension 2357 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "David E. Mills".
