Dear Ivan:

This is in further reference to the Postal Service's previous correspondences concerning the establishment of Sorting and Delivery Centers (S&DCs). The purpose of establishing S&DCs is to reduce transportation and mail handling costs as well as provide postal customers with additional services. S&DCs will allow for easier standardization and management of operations will have improved building and operating conditions for employees.

This notice is to provide further updated information on several S&DCs and respective launch dates.
