Alexandria, VA 22314-2753

Dear Brian

This is in reference to our August 9, 2018, notice regarding implementation of the Virtual Entry Assessment (VEA), as a replacement for Battery Examination 473, for certain entry level bargaining unit positions.

You were further advised by letter dated May 22 that the Postal Service developed a customized version of the VEA which needed to be validated. The validation study was scheduled to begin sometime between June and August; however, due to concerns relating to the success of our upcoming peak mail season, the VEA validation process was postponed.

It is currently rescheduled to begin between January and March 2020.

Please contact Bruce Nicholson at extension 7773 if you have any questions concerning this matter.

Sincerely,
