Dear Brian:

This is in further reference to our March 25 notice concerning the expansion of the Automated Delivery Unit Sorter (ADUS) production machines in 2019.

We have revised the locations where ADUS machines are scheduled to be deployed in 2019. Enclosed is a copy of the revised site list. The deployment timeline has not changed.

The installation and acceptance testing will take approximately two weeks for each machine. Live mail will be used during acceptance testing.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,
