President
National Association of Postal Supervisors
1727 King St., STE 400
Alexandria, VA 22314-2753

Certified Mail Tracking Number:
7020 3160 0002 0328 1713

Dear Ivan:

This letter is in further reference to the notice dated June 4 (enclosed), regarding the Postal Service's partnership with the General Services Administration (GSA) and Federal Bureau of Investigation (FBI) to provide various biometric services.

As previously informed, the Postal Service deployed new technology, called the Enterprise Biometric Identity Service (EBIS), which consolidates biometric capture, in-person proofing, and personal identity verification (PIV) transactions into one platform. The various services are being incorporated into EBIS in phases. The Postal Service currently has over 1,000 EBIS devices to support the retail partnership with the FBI offering Identity History Summary Check (IdHSC) fingerprinting in select locations and will continue to expand to select sites nationwide this year.

Enclosed on compact disc (CD) is a list of 160 FBI IdHSC sites to receive the new EBIS devices in Quarter 4 of fiscal year (FY) 24, and a copy of the Retail Service Talk, *Enterprise Biometric Identity Services (EBIS)*, for those employees. Deployment, installation and training for the new devices will take place throughout Quarter 4, and the equipment will be ready for use after training is complete at each site.

Please contact Dion Mealy at 202-507-0193 if you have any questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shannon Richardson".

Shannon Richardson
Director
Contract Administration (APWU)

Dear Ivan:

This letter is in further reference to the notice dated May 7 (enclosed), regarding the Postal Service's partnership with the General Services Administration (GSA) and Federal Bureau of Investigation (FBI) to provide various biometric services.

As previously informed, the Postal Service deployed new technology, called the Enterprise Biometric Identity Service (EBIS), which consolidates biometric capture, in-person proofing, and personal identify verification (PIV) transactions into one platform. The various services are being incorporated into EBIS in phases. The Postal Service currently has over 800 EBIS devices to support the retail partnership with the FBI offering Identity History Summary Check (IdHSC) fingerprinting in select locations and will continue to expand to select sites nationwide this year.

Enclosed on compact disc (CD) is a list of 101 FBI IdHSC sites to receive the new EBIS devices in Fiscal Year (FY) 24 Quarter 3, and a copy of the Retail Service Talk, Enterprise Biometric Identity Services (EBIS) for those employees. Deployment, installation and training for the new devices will take place throughout Quarter 3, and the equipment will be ready for use after training is complete at each site.

Please contact Dion Mealy at 202-507-0193 if you have any questions concerning this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Shannon Richardson".

Shannon Richardson
Director
Contract Administration (APWU)

Retail Service Talk

July 2024

Enterprise Biometric Identity Services (EBIS)

The Postal Service is launching new technology to support biometric services for various government agencies. The Postal Service has deployed over 1,000 Enterprise Biometric Identity Service (EBIS) devices to support the retail partnership with the FBI offering Identity History Summary Check (IdHSC) fingerprinting in select locations. The Postal Service will continue to deploy EBIS equipment to select Passport locations nationwide in FY 2024. In Quarter 4, FY24, the Postal Service is deploying EBIS equipment to an additional 160 retail locations nationwide.

EBIS Training Sessions have been offered throughout the deployment of EBIS technology.

Training provides an overview of EBIS program, equipment, and setup procedures.

Site and support personnel are required to review recorded EBIS Training Session.

The training recording is available in the EBIS toolkit at the following link:

<https://usps365.sharepoint.com/sites/RetailCapabilityandProficiency/SitePages/EBIS-Training.aspx>

EBIS User Roles must be requested via ARIS. Each unit must have at minimum two (2) EBIS Retail Identity Services Clerk Admin role holders with other users obtaining the EBIS Retail Identity Services Clerk Role. HERO training will be assigned to employees with appropriate occupation codes in expansion offices. Additional training would be assigned by the employee's **HERO Learning Manager.**

HERO Courses:

Retail Admin User Role – 2023HRSC6202CR11

Retail Clerk User Role – 2022HRSC6201CR09

In the future, identity business service transactions including Biometric Capture, In-Person Proofing (IPP), and Personal Identity Verification (PIV), will be consolidated under one EBIS platform, with additional services implemented in a phased approach. EBIS will be configurable for different government agencies' requirements, removing the need for multiple platforms and equipment to process these types of transactions.

For detailed information, training material is available in the CRDO Resource Library in the EBIS Toolkit.
