

LABOR RELATIONS

June 18, 2019

Mr. Brian J. Wagner
President
National Association of Postal Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

FAXED

Dear Brian:

As a matter of general interest, the Postal Service intends to test video technology in delivery vehicles in the Capital and Santa Ana Districts.

The purpose of this test is to evaluate the feasibility of using video and GPS technology to reduce collisions and assist identify driver risks and the cause of vehicle damage. In the event a collision or unusual driving activities are detected, the GPS technology and video recorder will capture the location, speed and direction of the vehicle.

The following locations have been selected to participate in the test:

District	Location	City	State	ZIP Code	Number of Vehicles
Capital	Westlake	Bethesda	MD	20817	30
Santa Ana	La Puente	La Puente	CA	91747	30

The test is scheduled to begin June 24 and run for approximately 90 days. During this period, participating carriers will operate test vehicles while performing their normal street activities.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

for Alan S. Moore
