Mr. Brian J. Wagner
President
National Association of Postal
Supervisors
1727 King Street, Suite 400
Alexandria, VA 22314-2753

Dear Mr. Wagner:

As a matter of general interest, the Postal Service intends to install WebCam devices in various installations to only monitor/view mail conditions and the status of mail processing during the upcoming Peak season.

There are approximately 189 offices where observations of mail conditions on the workroom floor will be conducted. Some of the 189 offices are already equipped with WebCams.

Please find enclosed a list of installations where WebCam monitoring of the mail will be conducted during Peak season.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink that reads "for David E. Mills". The signature is stylized and includes a large circular flourish.
