Mr. Brian J. Wagner  
President  
National Association of Postal Supervisors  
1727 King Street, Suite 400  
Alexandria, VA 22314-2753

Dear Brian:

This is in further reference to our December 2, 2019, notice concerning the Postal Service's partnership with Mandli Communications to test incorporating cameras, mobile LiDAR, and global positioning system (GPS) devices onto Postal delivery vehicles for the purposes of detecting and reporting road conditions.

The test that was originally scheduled to begin in December 2019 at the Beaver Dam, Wisconsin 53916 office has been delayed and is now scheduled to begin in mid-February and run for approximately 45 days.

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "David E Mills".
