Dear Brian:

As a matter of general interest, the Postal Service will begin offering a fee-based service to customers who want to extend the availability of tracking data on domestic competitive products. The service will be called United States Postal Service (USPS) Premium Tracking.

Customers who elect to use this service will be given various options that will allow a longer retention period on tracking data, from 6 months to 10 years. When USPS Premium Tracking service is purchased, customers can request and receive a Premium Tracking Statement to the email address provided.

USPS Premium Tracking will be available on usps.com January 26.

Please contact Dion Mealy at extension 6861 if you have any questions concerning this matter.

Sincerely,
